

SELF PROPELLED BIG ROLL SOD INSTALLER

ROLLMATE

BROUWER
Kesmac

HIGHLY MANEUVERABLE, OUTSTANDING ON SLOPES AND EFFORTLESS EASY TO OPERATE CONTROLS.

The Brouwer RollMate 2448 Sod Installer is the largest of the Brouwer installers and can install up to 48" wide big rolls. The 4' foot diameter, 2000 pound roll capacity along with exceptional maneuverability, make the RM 2448 an ideal choice for large sod laying applications.

A reliable Honda 11.0 HP engine powers the proven infinitely variable hydrostatic drive while shifting effortlessly from forward to reverse with a single lever control mounted on the handle. The Brouwer RollMate Sod Installer is an outstanding machine for operating on slopes, highly maneuverable and easy to operate.

- Adjustable madrel installs 24", 30", 42" and 48" rolls
- Rear tire steering mitigates turf damage or scuffing
- Re-designed easy to operate fingertip controls
- Excellent for large roll installation on slopes
- 11 HP Honda engine with electric start
- New durable heavy-duty lift frame design
- Variable hydrostatic transmission

RM-2430, 42" & 48" | 20/21
