### OPERATOR SAFETY SIGN OFF SHEET

- Read and obey the written instructions in the Operator’s Manual and the safety decals on the machine.
- Ask your supervisor, equipment dealer or the manufacturer to explain things you do not understand.
- Do not operate the machine if drugs, alcohol or medication are being used which can affect the alertness or the co-ordination of the operator.
- Ensure that all guards, shields and warning/operating decals are correctly positioned and secure.
- Do not leave the operator’s seat of the machine while the engine is running.
- Do not attempt to perform any service or maintenance to any area of the machine unless the engine is stopped, hydraulic pumps are disabled and all safety locks are in place.
- Do not perform any service/repair work, adjustments or cleaning to the machine while the engine is running.
- Never attempt to remove or rearrange any material from any area of the harvester unless the engine is shut-off, hydraulic pumps are disabled and all safety locks are in place.
- Do not work under a raised pallet injector or stacker.
- Do not fill the fuel tank while smoking or while the engine is running. Do not refuel indoors.
- Never allow an open flame near the fuel system.
- Keep engine clean and free of dust and debris to prevent possible engine fire. It is recommended that a fire extinguisher be installed.
- Only trained operators are allowed on the machine during operation. Do not permit anyone to ride on the machine.
- Keep children away from the machine at all times.
- Do not operate the machine until you are certain that all bystanders are at a safe distance.
- Blades and Gripper Fingers on the machine are sharp. Use caution while working around them.
- When removing heavy parts from the machine for service or maintenance use extreme caution. Use a hoist with adequate lift capacity, and suitable tools and equipment.
- Never allow anyone to stand on forks. (If applicable)
- Keep all tires properly inflated. Only qualified persons should service the wheel/tires.
- Slow moving vehicle sign and lights must be used on public roads except where travel is prohibited by law.
- Use only manufacturer approved replacement parts, to prevent possible accidents and or injury, to the operator and others due to component failure.

**I acknowledge that I have read and understand the safety rules for the operation of this machine and I am fully trained in the proper use of this machine.**

**This sheet must be returned with the Equipment Warranty Registration. Equipment Warranty Registration will not be granted without the submission of this sheet.**
